

Dylan Schneider

The answers you gave to questions on the previous pages of the Rules Wizard indicate that you need to download the following forms in order to adhere to the International Rules:

These three forms are required for all participants:

Checklist for Adult Sponsor (1)

Student Checklist (1A) and Research Plan

Approval Form (1B)

Official Abstract Form (87 kb) -- Some fairs may require the use of the ISEF Official Abstract Form; others may have their own required format. Please contact your regional fair for more information. Note: ISEF finalists do not fill out this abstract form - they have to fill out their abstract on-line. Please read the instructions for completion thoroughly.

Continuation Projects Form (7) (24 kb) -- This form must be completed by the student, if the project is a continuation from your previous research project. For ISEF you will also be required to provide copies of the paperwork from your previous research. The judges and the Scientific Review Committee use your Continuation Projects Form (7) and your previous paperwork to determine what new research has been done.

Regulated Research Institutional/Industrial Setting Form (1C) (28 kb) -- This form must be completed by the scientist supervising the student research conducted in a regulated research institution (e.g., university lab, medical center, NIH, SSTP, etc.) or industrial setting. A Research Institution Approval form may need to be supplied by the research site (i.e. IRB/IACUC/IBC).

THESE FORMS ARE NOT TO BE ELECTRONICALLY TRANSFERRED TO Society for Science & The Public. THE FORMS MUST BE COMPLETED BY THE APPROPRIATE INDIVIDUALS, SIGNED AND COPIES SUBMITTED TO your science fair for local, regional or state competition.
