

Risk Assessment Form (3)

Must be completed before experimentation.

Student's Name(s) Jacob Karavias

Title of Project The Effect of Geometric Shapes on Reducing Beach Erosion

To be completed by the Student Researcher(s) in collaboration with Designated Supervisor/Qualified Scientist:
(All questions must be answered; additional page(s) may be attached.)

1. List all hazardous chemicals, activities, or devices that will be used; identify microorganisms exempt from pre-approval (see Potentially Hazardous Biological Agent rules).

There are no hazardous materials used in this project.

2. Identify and assess the risks involved in this project.

There are no risks associated with this project.

3. Describe the safety precautions and procedures that will be used to reduce the risks.

There are no risks associated with this project.

4. Describe the disposal procedures that will be used (when applicable).

N/A

5. List the source(s) of safety information.

N/A

To be completed and signed by the Designated Supervisor (or Qualified Scientist, when applicable):

I agree with the risk assessment and safety precautions and procedures described above. I certify that I have reviewed the Research Plan/Project Summary and will provide direct supervision.

Gregg McGrath
