January 30th, 2020

Dear NYSSEF Committee,

On behalf of the Regeneron Westchester Science & Engineering Fair (WESEF), I want to verify that **Colleen Schmid**, is a student who is registered to participate in the 2020 Westchester Science & Engineering Fair which will be held on Saturday, March 21st, 2020. WESEF is a gateway for our most talented research students to attend the world renowned Regeneron International Science & Engineering Fair where students from all over the world present their research findings.

Colleen Schmid has expressed interest to also participate in the NYSSEF event which will be held on March 20th, 2020 at the New York Hall of Science. A teacher chaperone from the student's representative high school has committed to attend as the official chaperone.

This letter serves as our official proof/ evidence that this student is registered to participate in our regional ISEF-affiliated science fair, WESEF. All affiliated forms have been reviewed by our Scientific Review Committee members.

Sincerely,

Angelo Piccirillo
WESEF Vice President & SRC Chair
