

Risk Assessment Form (3)

Must be completed before experimentation.

Student's Name(s) Juliane Baco

Title of Project Assess the crosstalk between CD47 and SIRPα in modulating tumor growth

To be completed by the Student Researcher(s) in collaboration with Designated Supervisor/Qualified Scientist:
(All questions must be answered; additional page(s) may be attached.)

1. List all hazardous chemicals, activities, or devices that will be used; identify microorganisms exempt from pre-approval (see Potentially Hazardous Biological Agent rules).

No hazardous component will be likely to expose to Juliane.

2. Identify and assess the risks involved in this project.

N/A

3. Describe the safety precautions and procedures that will be used to reduce the risks.

N/A

4. Describe the disposal procedures that will be used (when applicable).

N/A

5. List the source(s) of safety information.

N/A

To be completed and signed by the Designated Supervisor (or Qualified Scientist, when applicable):

I agree with the risk assessment and safety precautions and procedures described above. I certify that I have reviewed the Research Plan/Project Summary and will provide direct supervision.

Chien-Huan Weng

Designated Supervisor's Printed Name

Chien-Huan (Gil) Weng

Signature

Digitally signed by Chien-Huan (Gil) Weng
