Human and Vertebrate Animal Tissue Form (6B)

Required for research involving fresh/frozen tissue (including primary cell lines, human and other primate established cell lines and tissue cultures), blood, blood products and body fluids. If the research involves living organisms please ensure that the proper human or animal forms are completed. All projects using any tissue listed above must also complete Form 6A.

Student's Name(s)	Joelle Siong Sin	
Title of Project	robes in the pathogenesis of intestinal tumor development	
To be completed by Student Resea	rcher(s):	
 1. What vertebrate animal tissue will be □ Fresh or frozen tissue sample □ Fresh organ or other body par □ Blood □ Body fluids □ Primary cell/tissue cultures ➤ Human or other primate estal 	rt	
2. Where will the above tissue(s) be o	obtained. If using an established cell line i	include source and catalog number.
		a research institution attach a copy of the IACUC y, the IACUC approval number and a of IACUC
To be completed by the Qualified Scientist or Designated Supervisor: I verify that the student will work solely with organs, tissues, cultures or cells that will be supplied to him/her by myself or qualified personnel from the laboratory; and that if vertebrate animals were euthanized they were euthanized for a purpose other than the student's research. AND/OR I certify that the blood, blood products, tissues or body fluids in this project will be handled in accordance with the standards and guidance set forth in U.S. Occupational Safety and Health Act, 29CFR, Subpart Z, 1910.1030 - Blood Borne Pathogens.		
Printed Name	Signature	Date of Approval (mm/dd/yy)
1 Tillica Haine	Jighatare	(Must be prior to experimentation.)
